# → WELCOME TO OPEN STUDIOS SUNSHINE COAST

Proudly presented by

Arts Connect Inc is thrilled to present Open Studios Sunshine Coast 2024 and are delighted that we can share with you some of the abundant artistic talent that resides within our Sunshine Coast region.

It is inspiring to see the level of enthusiasm and dedication shown by the many artists who are involved in the program each year. With almost 70 individual studios and gallery spaces participating across the nine days, visitors are definitely spoilt for choice. This trail guide is a vital tool in getting to know the artists and putting together your artistic itinerary.

For the first time, we will be hosting a combined exhibition 'Open Studios Meander' that will bring together participating artists at the Old Ambulance Station at Nambour from May 8 until May 26. Before hitting the road for the artistic adventure on our Open Studios trails – exhibition is an opportunity to give yourself time to slowly wander, ponder and explore before deciding which artists you will add to your creative adventure.

Much of the artwork at the galleries and individual studios is for sale, and while there is no pressure for visitors to purchase, we love to see visitors leaving with a piece of art that will become a permanent part of their home and their life.

## About Arts Connect Inc.

Arts Connect Inc. is a member based not-for-profit volunteer run artists group which aims to support and promote artists on the Sunshine Coast by providing opportunities to exhibit their work and develop their skills as artists.

## How to use our trail maps

We have divided open studios into 2 regions over 2 weekends and 6 art trails. All of our artists' studios and galleries appear on either the Hinterland Trails or the Coastal Trails, so that you may wander and explore the Sunshine Coast's diverse art scene as you wish.

The full map of the region on page 6 and 7 shows the location of each of the participating artists and galleries. Each artist and gallery profile listed in these pages includes their studio/gallery address, opening times and a map reference, so you can create your own self-guided tour. Please note, maps are illustrative, not indicative of actual distance.

## Studio dates and opening times

All of the artists will be open from 10am-4pm on the weekend they fall in to.

**Coastal studios 18-19 May**  
**Hinterland studios 25-26 May**

Some studios are also open on the weekdays from 10am-4pm in the 5 days between the Hinterland and the Coastal weekends, please check their listings to ensure they are open when you plan to visit.

## Gallery dates and opening times

Although the galleries will be open on either the Hinterland or Coastal trail dates, their times may differ from 10am-4pm. Please check each listing for their opening times.

## Signage

Easy to spot signage will be placed outside studios and galleries so keep an eye out for our flag banners and signs on your way around the art trails.

When you are out and about visiting studios and galleries, please support those who support us. Share a social post and tag **#openstudiossunshinecoast** and/or **@openstudiossunshinecoast**

We hope you enjoy this unique opportunity to connect with a beautiful vibrant community of artists and creative people.

# → COASTAL ART TRAILS

May 18-19, 10am-4pm

Please check each studios availability for their open days.

The art scene dotted along the coastline is as diverse, surprising and rewarding as the discovery of the Sunshine Coast's buzzing beaches, parks, markets and dining out experiences. Follow the art trail from Caloundra to Coolum, visiting galleries and open studios, and you may find some new favourite spots.

## JAMES STICKLAND

PAINTING & DRAWING

In James' words he is in love with oils and their ability to be manipulated. He enjoys being able to lightly glaze and build like a water colour, style like acrylic, play like charcoal and manipulate like gauche. Capturing figurative works drowned in storytelling and trueness is what he aims to achieve.

## ... at how to hang artwork.

A picture hanging system allows you to hang your art *à la mode*.

Featuring sliding hangers and height-adjustable hooks it provides the freedom to change your pictures AND their positions without repeated 'drilling and filling'.

Minimising risk to your art investments, each metre of rail supports up to 25 kgs of weight and performs to professional gallery standards.

We manufacture a large range of picture hanging systems that allow your collection to be fully appreciated in every situation.

We are based on the Sunshine Coast and offer a free consultation service, professional installation and itemised quotations. Call us today to discuss your project.
